12A-03  
New York, NY 10018

Dear Maryann Pagano:

This letter is to inform you that BlackHawk Data LLC has been placed in the Raleigh-Durham Airport Authority (RDUAA) Minority and Women-Owned Small Business (MWSB) Directory. Your firm will remain in the Authority's MWSB Directory as long as it does not exceed the small business size standards as determined by the US Small Business Administration. Your firm will also be required to maintain certification as a minority or woman-owned business by an approved certifying agency. RDUAA reserves the right to request additional information regarding business size, ownership, control and management to verify this firm's eligibility to participate as a minority or women-owned small business. You will be required to submit verification of business size and certification status at least yearly, to remain eligible to participate in the MWSB program.

BlackHawk Data LLC will be listed in the MWSB Directory at [www.rdu.com/mwsbdirectory](http://www.rdu.com/mwsbdirectory) as a Women Business Enterprise (WBE).

Your firm's participation on RDUAA contracts can be counted towards Women Business Enterprise (WBE) participation goals.

Please inform us if there are any material changes to your business. These changes may include but are not limited to:

- Company name or contact information
- Company ownership changes
- Loss of certification
- Significant changes in business size

If you have any questions you may contact me at [thiane.carter@rdu.com](mailto:thiane.carter@rdu.com).

Sincerely,

Thiane Carter

Director of Small Business Programs
